

Trash Tips

Short-Term Rentals

If you are a short-term renter, please don't worry about the trash as it will be taken care of upon your departure.

Long-Term Rentals

If you are a long-term renter, or even a weekly renter with a lot of trash, this is for you...

The outdoor trash can is painted the same color of the house and has the number 511 on it. You can put your trash in this can or the one at the end of the street if it is empty.

Our trash can is usually located in one of three places, all on the left side of the house as you are facing the house.

1. Locked inside the white side yard gate - your key will open the gate.
2. Outside the fence next to the white side yard gate.
3. At the corner.

We usually keep the trash can locked up inside the white side yard gate to keep the horses out. If the trash can is full, and not locked up, you may want to consider keeping your trash on the porch until the night before trash day.

Trash day is typically on Monday and the trash truck usually comes about 4:00 a.m. You may hear the trash truck, but they don't stay long and we always fall back to sleep.

A word of caution about "smelly" trash, such as lobster tails, fish bones, and other assorted "stuff". In our 80 plus degree weather, it doesn't take long for smelly stuff to really get really smelly. You may want to consider freezing your lobster tails, fish carcasses, etc., until the night before the trash truck comes and depositing them in the trash can bagged and frozen!

If the trash can is behind the locked gate, you are more than welcome to pull it out and leave it on the sidewalk Sunday night. Don't forget to lock the gate!
